Pre-arrival Information

Spring Semester 2020

This pre-arrival information includes crucial information that will help you prepare your departure for Ajou!

■ Applying for Student Visa (D-2-6)

All international exchange students are required to obtain D-2-6 (exchange) visa for their study at Ajou. In order to obtain a D-2-6 visa, you must submit the required documents to the Korean Embassy or Consulate in your country.

These documents have been sent to your home university or to the confirmed address via post.

- (1) Certificate of Admission
- (2) Invitation Letter
- (3) Certificate of Business Registration of Ajou University
- (4) Certificate of Scholarship (if applicable)

The application procedure and required documents may vary depending on the embassy or consulate, so it is advised that you check with your local Korean embassy or consulate beforehand. Please note that you need to sign the Certificate of Admission issued by Ajou University before submitting it to the embassy.

If you have already obtained another type of visa, you **must** change it to **D-2-6**. The duration of the visa is determined by the Korean consular officer, and the expiration date on your visa may not match the end date of your program. If your visa expires before you complete your tasks, you will need to apply for a visa extension at the Korean Immigration Office.

Required documents may be added or changed depending on individual circumstances. For more information, please visit the Korean immigration website – Hi Korea (E-Government for Foreigners) at www.hikorea.go.kr.

■ Health and Medical Clearance Form

All students have been requested to submit the health and medical clearance form with their online application as part of the required documents. Ajou International Day 2020

Promotion

Every fall semester, Ajou University hosts an annual Ajou International Day festival for one day in the first week of November.

This is one of Ajou's biggest festivals of the year which offers a meeting ground for all the international and domestic students on campus. It provides a wide range of activities where students

introduce their own culture. Students are able to provide information and exhibit photographs displaying different aspects of their countries' culture. |

It is recommended to bring some traditional costumes, instruments, flags and leaflets showing your countries or universities. If you bring some items showing your tradition, country, or university, you can enjoy the International Day even more.
